

DECORATIVE FLOWERS FOR COSMETICS

Nature in its purest state and becoming visible, this is the new way of doing. Put the ingredient at the core of the formulation, not only as an active, but also as a catching eye asset with “attraction” power for customers.

Flower petals in bottles have lastly blossomed everywhere, result of this new preoccupation on customers: “seeing” what they use on their skin.

The range is made of:

- **DF Calendula**
✓ Colour : orange

- **DF Lavender**
✓ Colour : pink

- **DF Rosa damascena**
✓ Colour : purple

- **DF Cornflower**
