

PRODUCT INFORMATION SHEET ORGANIC STEVIA REBAUDIANA

For the mouth...

It is traditionally used in **Toothpastes** and **Mouthwashes** for its sweetening activity but also for the following properties:

- No increase of acidity in mouth
- Stimulates salivation (enamel protective)
- Limits bacterial growth so the dental plaque
- Improves cicatrization (pro-healing, anti chapping, ...)

⇒ ACARIOGENIC, PURIFIES MOUTH

For the skin...

Today used in **Moisturizing, Anti-aging creams**, STEVIA is also integrated into **Oily skin cares** It can be used into Lipsticks, Gloss, Lip balms... to bring good taste!

- Moisturizer (rich in polysaccharides)
- Astringent, antiseborrheic

⇒ MOISTURIZING, ANTI-WRINKLES, ANTI-ACNE

For the hair...

Still little used in hair products, STEVIA is traditionally used in oily hair shampoos but can also intervene in anti-hair loss treatments.

- Limits hair-loss
- Hair shining

⇒ ANTI-HAIR LOSS, HAIR SHINING
